Kodak i5000 Series Scanners

Serious scanning power for real-world volumes

Real world, real results

Kodak i5000 Series Scanners have been the choice of the most demanding customers for the toughest high volume scanning environments – service bureaus, business process outsourcing organizations, and corporate scanning departments. The i5000 Series offer efficiency and reliability that can positively impact productivity and enable true, high-volume document processing.

i5250/i5650

i5850

Rated speed and real-world throughput can be very different numbers

Kodak i5000 Series Scanners get high marks for delivering on what they promise. Truth in specifications and engineering know-how adds up to high volume throughput. It's the processing speed, smooth paper flow, and document handling versatility you need.

- i5000 Series Scanners can maintain high-speed throughput even at 300 dpi for both bitonal and color images
- Dynamic Flow Technology – delivers optimized memory allocation and processing paths, letting the scanner find the most efficient way to scan, perform imaging functions and extract data
- Speed processing by loading any diverse mix of documents – including fragile and extra thick originals
- The large input tray can hold up to 750 pages, processing multiple batches while keeping the scanner busy longer
- Spend less time adjusting documents – controlled stacking technology keeps documents neatly lined up

Reliable scanners, reliable support

- Get the best possible performance from your scanners and software with a full range of service and support contracts available to protect your investment and keep productivity at peak levels

Advanced efficiency features handle complex tasks and difficult document types easily

Anticipating and avoiding potential problems in advance helps to minimize interruptions and slowdowns.

- Prevent document damage with Intelligent Document Protection (IDP); it listens for problems and alerts you before they become jams or misfeeds and potentiality damaged originals
- Monitor multi-feeds on the PC and quickly choose to ignore, accept or rescan images from the scanner control panel
- Save data entry time and enhance accuracy with barcode reading capability that delivers data to applications
- Get improved touchscreen visibility with wide-angle viewing from two ergonomically correct positions
- Organize large, multi-batch jobs with Intelligent Imprinting and simple patch counting
- Image addressing permits reading of patch codes so sequential numbers can be applied to each document scanned and each batch accurately tracked
- Reduce the need for rescans and post-image processing – auto image rotation and skew detection ensure that images are right side up and straight
- Print important tracking information right on your documents as they're scanned with optional front or rear side imprinter accessories

Exceptionally clear images and features

Kodak i5000 Series Scanners reliably deliver sharp results reducing the need for quality assurance checks or rescans.

- Clear, crisp images greatly enhance optical character recognition (OCR), intelligent document recognition (IDR) and validation rates
- Get great results when you scan a mixture of different-sized documents – from business cards to 11" x 17", smooth or messy – without changing settings

Ergonomically friendly production scanners built with a rugged design and steel-welded frame available with built-in floor stand (i5850) and desktop (i5250/i5650) models.

Adaptable solutions for your ever-changing workplace

Kodak Capture Pro Software provides intelligent batch capture capabilities that increase productivity and improve efficiency:

- **Intelligent Exception Processing** ensures immediate validation of forms so any missed information at the point of transaction is identified and fixed, resulting in better customer outcomes and greater revenue potential
- **Intelligent Barcode Reading** produces the most accurate data extraction results and takes complexity out of the set-up process

Enhance your investment with **Kodak** Info Input Solution, the industry's most intuitive web-based interface that automates and simplifies the journey from document arrival to processing **quickly, accurately and reliably**.

Kodak i5000 Series Scanners

Features	
Throughput (200/300 dpi, bitonal & color)	**i5250:** 150 ppm/300 ipm **i5650:** 180ppm/360 ipm **i5850:** 210 ppm/420 ipm
Recommended Daily Volume	Unlimited
Scanning Technology	CCD
Resolution	600 dpi Optical; 100/150/200/240/ 300/400/500/600 dpi
Feeder/Elevator	Automatic 750-sheet elevator, 4 continuous feed settings (100, 250, 500, 750 sheet batches)
Advanced Features	Image Addressing via Sensors (i5850); 5 independent ultrasonic zones
Connectivity	USB 2.0 Certified, USB 3.0 compatible
Warranty (US and Canada)	90-Day, Onsite, 4-hour response
Electrical Requirements	100-240 V (international), 50/60 Hz
Power Consumption	**i5250/i5650:** Sleep Mode: < 3.5 watts; Running: < 215 watts; Standby: <0.5 watt **i5850:** Sleep Mode: < 3.5 watts; Running: < 220 watts; Standby: <0.5 watt
Acoustical Noise (operator position sound pressure level)	**i5250/i5650:** Standby mode: <39 dB(A); Scanning at 300 dpi <56 dB(A); **i5850:** <44 dB(A); Scanning at 300 dpi <64 dB(A)
Dimensions	**i5250/i5650:** Height: 43.4 cm (17.1 in.), Width: 69.3 cm (27.3 in.), Depth: 51 cm (20.1 in.) with tray closed, 65.3 cm (25.7 in.) with tray open **i5850:** Height: 106.7 cm (42 in.) – 130.8 cm (51.5 in.), Width: 69.3 cm (27.3 in.), Depth: 82.3 cm (32.4 in.)
Weight	**i5250/i5650:** 57.6 kg (127 lbs.) **i5850:** 186 kg (410 lbs.)
Supported Operating Systems*	WINDOWS
Bundled Software	TWAIN, ISIS, WIA Drivers
Optional Software	**Kodak** Capture Pro Software Group E (i5250), Group F (i5650), Group G (i5850), **Kodak** Info Input Solution (WINDOWS only)

* Visit AlarisWorld.com/go/OScompatibility for a complete list of Supported Operating Systems.

ENVIRONMENTALLY APPROVED

EPEAT® Silver: Kodak i5000 Series Scanners have achieved the status of EPEAT® Silver and meet ENERGY STAR® guidelines for energy efficiency and for the reduction of hazardous substances and waste products.

ENERGY STAR® certified scanners are independently certified to save energy without sacrificing features or functionality.

To learn more about our EPEAT status, visit AlarisWorld.com/go/EPEAT

From digitization to transformation, Kodak Alaris is there from the start. We transform documents and data into information better than anyone else bringing Speed, Accuracy, and Profitability to your business. **To learn more, visit AlarisWorld.com**
